Subject: RE: slides for SERMACS

Good job!

Slide 9- do you want to change the Decatur entry as "in submission"?
How much time do you have?

Also- make sure that the Decatur data is not photograph by attendees as it is ready to be submitted.

Subject: slides for SERMACS

Myriam,

Find attached my slides for SERMACS next week. It essence it is a retelling of the PFECAs effort of the paper we published in 2015 on the Cape Fear river and some new data from Seth paper that was just cleared for submission.

Likely I will cut a few slides before I give this talk as some may not be needed for this audience.

Thanks,
Mark
